TO A SOUTH SIDE PHYSICIAN MAY BE CREDITED FIRST PRACTICAL USE OF AN AUTOMOBILE LOCALLY.

Physician, automobilist, musician and expert marksman. He is known as one of the best revolver shots in the city.

Doctor Kessler of Shenandoah Avenue put the machine to a useful purpose by using it on his runs—besides a knowledge of mechanics, he is an expert with rifle and revolver and an enthusiast on automobilism.

WRITTEN FOR THE SUNDAY REPUBLIC.

Who first put the automobile to practical use in St. Louis?

This question is likely to provoke diverse answers. From the man who first brought a steam roller here to the initial experimenter with artificially propelled carriages sundry claimants may arise.

In reality, it is likely that credit may be given to a South Side man. To Doctor F. H. Kessler of No. 246 Shenandoah avenue may be ascribed the honor of first getting some real use out of a motor car in this city.

Early in the nineties, when the machines were unfamiliar even in the East, and when their manufacture was crude in the extreme, he became interested in the innovation. He secured a runabout, clumsy enough in design when compared with present models, and was probably the first to use the car on the South Side.

The career of this machine was not one of unalloyed bliss and success. The affair was heavy, the motor had many faults not found in later models, and it would be considered antiquated enough nowadays. But the doctor's knowledge of mechanics enabled him to keep the machine in commission where another might have become wearied of the sport.

So successful were his experiments that, after some little tribulation at the start, he managed to get the machine running with reliability. Its advantages for a physician's use were evident. His machine became a familiar sight in the Compote Heights district, and ever since he has followed the sport of automobilism.

Others had experimented with the machines at the same time that the doctor first took up the sport. Perry Lewis of Morgan street, for instance, had fitted up a horse drag with electric batteries and a motor, and was sometimes seen in the West End. This machine made its appearance about the same time that Doctor Kessler's gasoline car appeared on the South Side.

Disadvantages in the electrical attachments at that time commenced to tell against the Lewis machine after Doctor Kessler was beginning to get his gasoline car down to regularity and reliability. The Lewis automobile was little more than an

Doctor Kessler Makes the First Practical Use of a Steam Carriage in St. Louis.

HORSES WILL GO TO DELMAR FOR SEASON OF THREE MONTHS.

Many Valuable Stakes Will Be Decided at the County Course—Good Ones Will Be Shipped From Washington Park—Stakes For Missouri-Breds.

WRITTEN FOR THE SUNDAY REPUBLIC.

The local racing campaign will be transferred to Delmar tomorrow, when the summer meeting of the new Delmar Jockey Club will be inaugurated.

The Delmar meeting will consume most of the summer. There will be continuous racing there, barring Kinloch's fifteen days in August, between next Monday and October 1, when the Fair Association will fall meeting open. Joseph E. Martin, one of P. A. Brady's associates in the stand at the Fair Grounds, is the secretary of the Delmar Jockey Club.

John Hachmeister will act as clerk of the course at Delmar. P. A. Brady will preside in the stand and A. Barrett Dade will continue to handle the business of the track. He will have charge of the paddock and act as patrol judge.

MANY FINE STAKES.

Delmar offers an unusually large stake list for its coming meeting. Twenty-one fixtures are down for decision. This means two stakes a week during the entire meeting. The most valuable stakes of the Delmar summer meeting are scheduled for the first week of the season at the West End course. Nearly every prominent owner operating on the Western Circuit is represented in the entries to the Delmar Stakes. George W. Elliott, who has been campaigning his big stake at Chicago all season, is expected to ship a select division of his string here for the Delmar meeting. All the Bennett cracks are liberally entered at Delmar. Charlie Walker, Bennett's nephew, will probably have charge of Bennett's St. Louis division. He brought Little Ben to the track in the club members' handicap, and also had charge of Au Revoir when Bennett shipped this colt to St. Louis to run in the Derby.

Fred Cook is another heavy nominator to the Delmar stakes. Cook has thirty horses in training at Chicago. "Brown Dick" is one of the best of them. W. C. Phillips has charge of the others. Part of the string will probably be shipped here for the Delmar meeting.

OWNERS WHO WILL COME HERE.

Barney Schreiber, W. W. Darden, Jim Arthur, J. S. Bratton, J. C. Cain, Sam Hill, W. W. Elliott, J. H. Hughes, Baker & Hinde, G. C. Baker and Tommy Griffin are a few of the other leading nominators to the Delmar stake events. The class of horses entered at Delmar is the best forecast to the racing that may be expected at the new track. Among the good ones entered are the following:

An Revoir, Jordan, Little Scout, Sylvia Tabor, John Peters, St. Marcus, Tawny, Lady Strathmore, Jack Young, and others.

The Delmar Inaugural, which is down for decision to-morrow, is worth about \$500. It is a handicap at one mile, and closed with six thirty-six nominations. The Independence Handicap will be the feature of July 4. It will be run at one mile and three-sixteenths. The Independence Handicap will be worth about \$250.

STAKE FOR MISSOURI HORSES.

Delmar offers a stake for Missouri-bred horses of all ages. It is called the Home-Bred, and will be run on July 25. Unlike the Native Nursery, which was for 2-year-olds exclusively, the Home-Bred is for 3-year-olds and upward, at six and a half furlongs. Ethylene won this stake last year. She was bred at the Martin & Patton farm, near Sturgeon, Mo.

Miss Crawford, Orient and all the crack 2-year-old fillies developed here this season are eligible to start in the Belle Stakes, which will be run at Delmar on July 27. This stake will be run at five and a half furlongs. The St. Francis Handicap, to be run at Delmar in September, will be the first stake of the season locally in which 2-year-olds will be entered.

Measure stakes with old horses. This event is at seven furlongs. A complete list of the Delmar stakes will be found below:

Delmar Handicap, 2-year-olds and upward, \$1,000 added, Monday, June 29; one mile.

Independence Handicap, 2-year-olds and upward, \$1,200 added, Saturday, July 4; one mile and three-sixteenths.

July Stakes, selling, sweepstakes, 3-year-olds and upward, Thursday, July 5; six furlongs.

Gasoline Stakes, selling, sweepstakes, 2-year-olds, \$1,000 added, one mile; Saturday, July 11.

Midsummer Handicap, 2-year-olds and upward, \$1,000 added, mile and seventy yards; Thursday, July 23.

Mount City Selling Sweepstakes, 3-year-olds and upward, \$1,000 added, six and a half furlongs; Saturday, July 18.

Belle Stakes, 2-year-olds fillies, \$1,000 added, five and one-half furlongs; Thursday, July 27.

Home-Bred Handicap, 3-year-olds and upward, \$1,000 added, \$1,000 added, six furlongs; Saturday, July 25.

Missouri Selling Sweepstakes, for 2-year-olds, \$1,000 added, six furlongs; Thursday, July 29.

August Selling Stakes, 2-year-olds and upward, \$1,000 added, mile and twenty yards; Saturday, August 1.

Oriskany Selling Stakes, 2-year-olds, \$1,000 added, six furlongs; Saturday, August 8.

Golden Rod Selling Stakes, 3-year-olds and upward, \$1,000 added, seven furlongs; Wednesday, August 12.

Autumn Juvenile, 2-year-olds, \$1,000 added, six furlongs; Monday, August 21.

Autumn Selling Stakes, 3-year-olds and upward, \$1,000 added, six furlongs; Saturday, September 5.

Labor Day Handicap, 3-year-olds and upward, \$1,000 added, one mile and seventy yards; Monday, September 8.

New Century Handicap, for 2-year-olds, \$1,000 added, six furlongs; Saturday, September 12.

September Stakes, selling, for 3-year-olds and upward, \$1,000 added, one mile; Thursday, September 17.

St. Francis Handicap, 2-year-olds and upward, \$1,000 added, seven furlongs; Saturday, September 19.

Regulate Handicap, 3-year-olds and upward, \$1,000 added, mile and seventy yards; Thursday, September 25.

McGUBIAN'S NEW TRACK.

William McGubian confirms the report that the promoters of the new race track at Fort Springs have bought the site of the proposed new course from him. Colonel McGubian sold eighty-five acres of ground five miles from the noted Arkansas health resort to George E. Siderer and his associates. The Choctaw Railroad runs through the property. McGubian, as is well known, is an enthusiastic running-horse man himself and is anxious to see the new track built. He is confident that Fort Springs will furnish a profitable patronage for a first-class winter meeting. George B. Siderer, the leading promoter of the new race course, is a former St. Louis Police Justice. He acknowledges the fact that he is not a practical horseman himself, but claims that when the time comes to make known his associates in the new enterprise there will be no complaint on this score.

Barney Schreiber, Billy Walsh and "Show Book" Martin have gone to Chicago to make books at Washington Park. Plunger Kramer was also missed from the ring at the Fair Grounds Saturday. Kramer has been the king of all the high-rollers at the Fair Grounds this season. He has been betting thousands all spring without the slightest flourish of trumpets. Only the prominent bookmakers knew on what an extensive scale he was operating. Kramer used such excellent judgment in selecting the winners that he is credited with having won over \$50,000 at the Fair Grounds this spring.

W. W. Elliott believes that Hilee is the most intelligent horse he ever saw. "Hilee is a very nervous, high-strung,

sensitive animal, and we have to exercise the greatest caution in handling him," declared Mr. Elliott. "Instead of training him on the track, I usually exercise him on the prairies and roads back of the race track. When jogging him around a small beaten path near the stable I noticed that he seemed to understand pretty near any instructions I gave the boy on his back. For instance, if the horse was galloping around the circle and I remarked to the boy that it was about time to pull him up, the horse would stop of his own accord. We tested him thoroughly in this respect, and the intelligence he displayed was something remarkable. There was a time when it was impossible to place Hilee in a race, but the last time I put him he permitted his jockey to rate him along in splendid shape, which accounted for the impressive manner in which he won a long race."

Strong Muscular POWER But Weak Vital POWERS

The Unhappy Condition of Thousands of Men To-Day.

Power, vigor and strength alone make man admirable. It is the energy of strong vitality which makes him successful in whatever work or business he undertakes, and if he is nerve-weakened, sapped of vigor, spent of vitality, enervated and debilitated, he will make an abject failure of his life hopes and ambitions, unless he takes some means to overcome his weakness and regain his lost strength.

I MAKE no misleading statements or unbusinesslike propositions to the afflicted in order to obtain their money. An HONEST DOLLAR, HONEST SERVICES and HONEST RETURNS is my motto. My successful practice for many years proves that my

SPECIAL TREATMENT FOR MEN

Is safe and certain. I am consulted daily by people who had failed to obtain a cure elsewhere, not because their physician intentionally deceived them, but because he did not possess the proper method of treating their disease. My new system for the treatment of men

CURES THOUSANDS EVERY YEAR AFTER ALL OTHER MEANS HAVE FAILED TO HELP.

The great volume of my practice enables me to place my services within the reach of the poor as well as the rich at a moderate price. I can demonstrate to the most skeptical that I am doing just what I claim to do. When I have explained to you in detail, and you have talked in the privacy of their own offices with reliable business men whom I have cured, I feel certain that any doubt you may have had regarding my ability to cure you will have vanished. I have made a special study of

Chronic and Nervous Diseases

Of men for many years, and over ten thousand cured patients will gladly testify to my skill, honesty and success in the practice of my specialty. I first discover and remove the cause or origin of the disease, and once this has been accomplished, I will quickly restore you to what nature intended—a healthy, happy man, with physical and mental powers complete.

VARICOCELE.

Varicocele impairs vitality and destroys the elements of manhood. Surgery seldom cures it, but always weakens the parts. I daily demonstrate that Varicocele can be positively cured. The organs are preserved and strengthened pain ceases entirely and almost instantly, swelling soon subsides, healthy circulation is rapidly re-established, and every part of the organism affected by the disease is thoroughly restored.

STRICTURE.

Neglected or badly treated Stricture is progressive, soon involving in its destructive course the whole Genito-Urinary system. Cutting, stretching, tearing or dilating are harsh and savage reminders of old fogeyism. The strictly modern, original methods employed by me in the treatment of Stricture are entirely free from the horrors of surgery and are absolutely safe and painless. All abnormal growth is dissolved, leaving the water channel entirely open and absolutely free from obstruction, every unnatural discharge is stopped, and all irritation along the walls of the urethra and in the region of the prostate gland, bladder and kidneys is allayed.

SPECIFIC BLOOD POISON.

Prompt and heroic treatment is the only kind that should ever be used in combating the "king" of bad diseases. Only temporary relief can come from Hot Springs baths, specifics, mercury, potash or other mineral mixtures and poisons. During the past year I have originated and perfected a cure for Specific Blood Poison that is absolutely safe, rapid and permanent and leaves no injurious after-effects. Every external symptom soon disappears, while the blood, the tissues, the nerve fibers, the bones and the whole system are cleansed, strengthened and restored to perfect health and purity.

NERVO-SEXUAL DEBILITY.

There is certainly no victim of Nervo-Sexual Debility, or Male Weakness, who does not hope to be rejuvenated some time. You should not lose your grip on life because interior remedies have failed to benefit you. My special treatment for this trouble, varied and modified to suit each individual case is an unfailing cure, to which a vast army of restored men to-day owe their sturdy health and happy condition in life. Under it all disagreeable symptoms soon disappear, drains of vigor are stopped, prematureness prevented, masculine power thoroughly restored and manhood made complete.
